The State of Washington Human Rights Commission has filed an eleven point complaint against the Tacoma Police Department after hearings in Bremerton where American Indians from the locality testified. Also cited by the Commission was the Pierce County Sheriff's Department.

The Commission assigned two investigators, Brian S. Long and Robert Lippencott, to look into charges that the two law enforcement agencies have been guilty of denying or violating the basic civil and human rights of local Indians.

The Tacoma Police Department in turn rejected the Commission's charges.

Commission members explained that the next step that will be taken is to arrange for meetings with the two departments to hear rebuttals of the charges.

In a related development, white sports fishermen continued their protest fishing of the Puyallup last Monday night after a possibly violent confrontation on Sunday passed without incident. The fishermen, members of the Committee to Save Our Fish, traded insults with Indians observing the demonstration.

The Indians maintain that the fishermen are fishing illegally on the Puyallup River. The Bureau of Indian Affairs has ruled recently that the portion of the river in which the incidents have been taking place is part of the Puyallup Indian Reservation. As such, the river would not be subject to state fishing regulations.

SCHOOL BELLS ARE RINGING AGAIN

TACOMA PUBLIC LIBRARY
General Services
Wash. 98402

Another school year started Tuesday in Tacoma School District for more than 39,000 students in the district's 60 schools.

More than 2,000 teachers, administrators & other professional personnel will be back on the job Monday preparing for the Tuesday morning opening.

A full day of school is scheduled Wednesday with all lunchrooms to be in operation.

Elementary schools will start classes at 8:55 a.m. and most junior high schools and Lincoln High School will start at 8:30 a.m. Three exceptions to the junior high starting time are Truman, 8:35 a.m., Baker, 8:40 a.m. and Hunt, 8:45 a.m.

Stadium High School will start classes at 8:00 a.m. and Mount Tahoma and Wilson High Schools will both start at 8:15 a.m.

Monday will be staff organization day with teachers and administrators spending the day in their respective buildings. Monday morning the staff will be welcomed by Superintendent Angelo Giaudrone and the Tacoma School Board via KTPS - TV, Channel 62, the district's UHF television station.

Thousands of scrubbed and slightly scared school children flocked to classes Tueaday as Tacoma Public Schools opened for another year of education, field trips, notes for parents, and scratched knees.

Often accompanied by parents, children approached their assigned schools with anticipation and apprehension. Most first graders looked at their prospective teachers with barely suppressed fright or pleasure, sometimes both. But each first grader managed through the day, passing through the important though usually neglected rite of transition from infancy to childhood.

News From The U.P.S.

Nearly 2,750 students, the largest enrollment in the University of Puget Sound's history, are expected to converge on the UPS campus beginning Wednesday, September 8, to formally register for the fall academic semester.

Registration for fully matriculated students continues through Friday, September 10, when entering freshmen are scheduled to enroll. The first day of fall classes is Monday, September 13, according to UPS Registrar Jack McGee.

The public may sign up for late afternoon and evening classes at PUS without formal admission to the university as full-time students. Registration dates for these continued education classes are Monday and Tuesday, Sept. 13 and 14.

In addition, military personnel and other interested individuals wishing to enroll in classes at the three UPS military extention campuses may register from Tuesday, Sept. 7, through Monday, Oct. 4, for courses beginning Oct. 4.

Further information about UPS class registration may be obtained by calling the registrar's office at the university.

Bob Corcoran Answers Charges

"May I first extend my gratitude for an honest paper in terms of airing both sides on an allegation. Thank you to the "Facts".

In the Facts edition of August 26, 1971, an accusation declared by Bobby White was brought against me in terms of my "trying to destroy the black community". Mr. White's remarks were speaking before the group known as "Citizens Political Interest Club". To point out all the utter fabrication in this statement would take far more space than we can use.

One strong point of Mr. White's was that I had on my TV program "accussed the black leaders of embezzlement and distortion". That is an out and out lie. He further intimates, "this thing Mr. Corcoran is trying to do this time is not going to work". For the good of all the brothers and sisters in the community who need help and some real equal opportunities, they had better hope it works or the so called "white establishment" group will continue to lord over the commoners forever.

What I am questioning strongly, is how much of the thousands of dollars pouring into the Hilltop Area are reaching the street level where it really is at! How much is held up with big pay jobs for a few??? Mr. White and many others take strong exception when a man stands up and raises a question of "conflict of interests" (This being an awful long way from embezzlement.) You examine the facts for yourself and then tell me there is an even distribution of the power base, that millions of dollars brings with it. Anyone can take time to check the records and see the same names appearing as corporate officers in two or more corporations. All the way from Tacoma City Council through the non-profit corporations down to Superior Fence Company (which is profit making). Is this really equal representation for the entire community??? Or, is the problem one of not enough people wanting to participate in the programs???

This community has potential that is truly unbelievable and potential that will remain virgin unless you, the citizen, get hip to whats happening and demand that everyone be "in". Otherwise, your community and mine will continue to be ruled by the super white group known as "I took a black to lunch, bunch," And all the time the brother & sister on the street want a full course meal!! Back to Mr. White's comments; to accuse me is surely his right, but perhaps, Mr. White should engage brain prior to using mouth and find out the following facts."

The Spiritual Six In Concert

On September 12th at 3:00 o'clock p.m., 'The Spiritual Six' of the Bethlehem Baptist Church, on the corner of 18th and 'I' Street, will present a musical. The group has been preparing for this day for many months, and they are sure that it will be a big success, with the help of everyone turning out to hear the praises of the Lord song by this talented and wonderful group.

The Spiritual Six consist of: Criss Murry, a sophomore at Mount Tahoma High School, who sings first tenor, Kenneth Rogers, a junior at Stadium High School, who sings second tenor, Patricia Walton, a senior at Lincoln High School, who sings soprano, Linda Thomas, also a senior at Lincoln High School, who sings alto, Robert Leach, a Highline Community College student, who sings bass, and Nathaniel Patterson, a graduate of Lincoln High School, who plays the piano and sings tenor.

As guest of the Spiritual Six there will be the 'Causey Sisters', and the 'Lewis Singers' of Seattle, Washington, and Bethlehem's own 'Gospelaires', plus others. Everyone please come out and let your hearts be filled with the glorious words of the Lord.

Always yours in Christ

Auto Racing Spectular At Spanaway Speedway

by Darla LeGault

Spanaway Speedway and the Spanaway Claimers Auto Racing association will play host to one of the largest and most exciting auto race and gigantic destruction derby programs ever to be held in the Northwest as they present the "Pacific Northwest Claimers Championship" race and "Destruction Derby" on Sunday, September 5th, on the 3/8 paved oval track.

Time trials will get underway at 1:30 and racing at 3:00.

Spanaway's promoter Dick Boness has posted a guaranteed purse for the two events of $3,000.00, which is the largest purse ever to be paid out around the Northwest for these types of events. Half will go to each event.

Another $60.00 has been put up by local businesses for the Fast time of the Day in the claimers race.

Over 150 cars are expected from Calif., Oregon, Nevada, Idaho, Canada and all over Washington, each trying to take home the lions share of the purse.

Most of the regular SCAR drivers will be on hand and a number of the Auto Racing, Inc., super stock car drivers will be there.

A Time For Restraint

A whole series of events have come together to bring Tacoma and neighboring communities to a near crisis point in their dealings with our local Indian population. To cite just a few, we may note the State of Washington Human Rights Commission's blistering denunciation of the Tacoma Police and the Pierce County Sheriff's Department for their handling of Indian demonstration.

Then we note also the recent counter-demonstrations of the so-called Save Our Fish Committee, a group of white sports fishermen who claim the Indians are fishing illegally and destructively.

Indians and their supporters in turn charge the Committee with vigilante actions and harrassment. One spokesman for the Indians charged that the Committee's purpose was "to generate hatred for the Indians."

On top of all this, the Federal Bureau of Indian Affairs ruled recently (and surprisingly) that the Puyallup Indian Reservation is much larger than most state officials had conceded and in fact covers a part of the City of Tacoma. The Indians have maintained this all along.

Certainly, the State of Washington's Department of Fisheries' handling of the problem leaves a lot to be desired. In view of the Bureau of Indian Affairs' ruling, the Department had been guilty of repeatedly attempting to enforce state laws on Indian land, state laws that to not apply.

The Department of Fisheries' short-sighted (and perhaps illegal) policies resulted in the violent and bloody confrontation last September when scores of Indians and their supporters were gassed, beaten and arrested.

More than any other it is that bloody incident which furnished the Human Rights Commission with much of its ammunition against local law enforcement agencies, including our Police Department.

The Tacoma FACTS speaks from and for a community that has known the anguish and despair of a minority whose every rights have been brutally violated. We know too that when another minority's rights to basic human freedoms are violated, none of our rights are secure.

We feel the situation is so confused and so potentially violent that we urge the utmost restraint from all parties involved. In view of the United States Bureau of Indian Affairs' ruling, a ruling based on treaties between the United States and the Indian nationa long before the State of Washington came into existance, state and local officials and law enforcement agencies should refrain from any actions directed against Indian fishing on the Puyallup.

Human life is far more precious than any salmon run.

And we think, too, that Ralph Thorpe and his Committee to Save Our Fish should get off of Indian land and stay off. The counter-demonstration are serving no useful purpose and are an invitation to violence. Our Tacoma Police is sufficiently effective not to need the unheeded help of vigilantes.

Open Letter To The Black Community And Bobby White

(Continued from Front Page)

#1. He called several individuals I had spoken to in the community as "stooges" and weak minded blacks. He also said the entire community should judge the credability of this outstanding citizen, refering to a man due to be on my show. He went on further to say "the man who has been involved in every major program in the city and has been a failure in all of them". May I point out, Mr. White's sources of information are evidently as poor as his judgement, as the men slated to be on my show have never been in any program so far as I know. In my view, a man black, white or red does not have to be in a program in the limelight in order to be outstanding!!! Perhaps, Mr. White was using a speech in order to attack a former associate of his which just ain't the way it is done!! As to another great piece of logic from Mr. White, he said, "If a grand jury came in, Mr. Corcoran would not have his outstanding citizen" as again, it appears Mr. White is aiming his comment at the same former associate (who was vindicated of any criminal charge by a jury of his peers.) Be that as it may, the two men who have promised appearances on my show are both interesting men of business background, one as a contractor and the other a young executive involved in management. Both of whom tell the issue the way they feel it is, with no fooling around.

As to Mr. White's general accusation against me, again he should do his home work and let us really see who wants to destroy! Ask Mr. White, who openly supported and gave free air time to Harold Moss in his first bid for the council? Who endorsed back in 1967 and helped on the air, John Williams attempt to be the first black Tacoma city councilman?? Who tried to help Joe Jordan some years back become a state representative? Who gave the black businessmen three two-hour TV programs??? Who has continually spoken out in the name of justice for thelittle people, no matter the race??? Who has pushed for area districting to assure of black representation on all white Tacoma School Board?? Can Mr. White answer those questions and still say, "Bob Corcoran wants to destroy the community?" Because it was and has been my pleasure to fight those battles, regardless of Bobby White or anyone else.

The best defense against accusations like Mr. White's is the truth. And, that is what we used on our telecasts, the facts came from the Secretary of State's offices where facts are recorded. Mr. White does not comprehend the difference between questioning the distribution of power and the fact that four or five men should never have an entire community totally dependent upon them.

If you really want to see real equality for all, and a real advancement in our community spread the responsibility out and be a man or woman, become involved by asking some questions now and then, that is what real freedom is all about. Not to be continually held down or confining people to a few little blocks of a big sprawling metropolitan area, that beckons opportunity to all. Thank you for reading a very confusing answer to a totally erronious accusation toward my character.

One last point, let it be said loud and clear, Corcoran is not against the projects, but wants to see an equal distribution of the projects to all in the community. Nor, is Corcoran a part of the "hate" groups against everything no matter what.

In conclusion, may we for all our sake hope this opens some real communication and we surface with a workable and understandable program to benefit all!

Thank you Tacoma Facts for your fairness."

Yours for a better Tacoma for all,
Bob Corcoran

To Whom It May Concern!

I recall that reports have been made, both in the past and present. One house on the hill of south street met with an immediate and outright rejection of the white community.

Today when we thumb through the overall view of the black affairs, it should be well remembered that when a man, drunk with his power, losed the over-all view of affairs, misreads the minds of the other and fails to make a correct decision without the sided view he will invite ill effect on the people and push them into a vicious circle.

To fight crime in our black community in the future years to come. I'm sure that you will continue to be able to take pride in your splendid unity forever.

The Boze Summer Project

by Ruth Jeffries

Teacher interns of the Tacoma Teacher Corps project carried out unique summer learning programs for 275 children in the Boze School community for eight weeks. The team of eight (8) interns at Boze combined educational and recreational experiences in an outdoor setting under the direction of university personnel from Pacific Lutheran University.

The purpose of the program was to provide an environment for creative expression through Arts and Crafts, Games, Tutoring, Library, Music and recreational activities; such as fishing trips, field trips (Puget Sound Cruise, Tacoma Art Museum, Mt. Rainier, Woodland Park), and individual team sports and picnics. The children's art is on display at Boze and plans are being made for an exhibit at Central School and the Tacoma Art Museum.

The interns were assisted by eight (8) Neighborhood Youth Corps members, three (3) persons from the Volunteer Teacher Corps, and volunteers from the community. Candid snapshots were taken by Mr. Metcalf and Snodgrass, Publications Office, Central School and Mr. Arne Pederson, Director of Teacher Corps, Pacific Lutheran University.

Through the efforts of Mr. Bill Wade corpsmembers were able to wrap up the project with an all-day picnic at Spanaway Park. Mr. Wade provided the transportation and food for the Spanaway picnic which accommodated 250 children which was enjoyed by all. Special thanks to Mrs. Eugene Wiegman, wife of PLU President, who secured donations for the arts and crafts activities. Contributors for the Boze project included the Metropolitan Park District, local businesses and community persons. If it were not for their contributions the program would not have been a success.

Rely On Newspapers

NEW YORK -- Americans rely on newspapers more than any other medium to give them information about subjects in which they are interested, the Bureau of Advertising says.

The bureau has released a booklet entitled "News about the News Media", based on a series of questions about the media asked of 2,032 men and women aged 18 or older.

Fifty per cent of all respondents named newspapers as the medium in which they would be most likely to find out all there is about news in which they are very much interested, and 46 per cent named television. Among high school graduates, 56 per cent named newspapers. For those with family incomes of more than $10,000 it was 55 per cent.

When asked which medium would give them enough facts to fully understand very complicated stories, 36 per cent named newspapers and 19 per cent named television.

SUGGESTS STAMP IN HONOR OF LOUIS ARMSTRONG

WASH. -- Rep. Benjamin S. Rosenthal, D-N.Y., this week asked the U.S. Postal Service to put out an international air mail stamp honoring the late Louis Armstrong.

"What made Armstrong an American classic outside jazz circles," Rosenthal said, "was more than his musical genius. It was also his ability to mix serious and often soulful music with humor and downhome wisdom."

Citizens Political Interest Club

The CITIZENS' POLITICAL INTEREST CLUB president, Bob White, has announced the club will hold an all County Dance for the "FOOD NOW" program.

Bob said that the affair will be an all night affair, that all funds will be distributed to the food banks throughout Pierce County.

Mr. White said that after his inspection of just a few of the banks, he said that he feels that they are doing a good job, the only thing that could be better, would be if they had more food to give away. He said that he hopes this all night affair would raise a sum of $5,000.00 to be distributed among the food banks throughout Pierce County.

The date and the location will be announced later on in the week.

Mr. White said some 15 Rock Groups are expectde to take part in the all night affair.

Watch the FACTS for further development of this program.
